Roaring Dunes & Silent Skies

13 DAYS — NAMIBIA & SOUTH AFRICA

This safari brings together the roaring, soaring sand dunes, the thundering Atlantic Ocean and the endless skies of the Namib Desert. At first glance seemingly barren, Namibia's oceans and deserts are teeming with unique flora and fauna, superbly adapted to its surroundings. The combination of activities focuses on Namibia's extreme environments: dune walking, quad-biking and rhino tracking in the desert. Kayaking at Walvis Bay Lagoon, amongst the pink flamingoes and white pelicans is a must-do adventure. One of the most secluded camps on the African continent, Serra Cafema offers the opportunity for interaction with the Himba — true nomadic people who exemplify indigenous Africa rarely seen. The trip continues to stylish Cape Town with abseiling off of Table Mountain, concluding this amazing journey on a high note.
